Thank you Elissa. We may want to talk with Linda during her general regarding how much time is being spent on the Spanish labeling project.

Are you okay with the other designations?

Tim

Thank you Linda. Is Spanish labeling a priority, the petition or both?

Your list and priority notes make sense to me.

And I agree that the spreadsheets could probably use some updating.

Hello. I received the petition spreadsheet from Bob (see attached – 1<sup>st</sup> and 4<sup>th</sup> tab). Some of these are very old and the contacts list does not appear to have been updated in a while for the older petitions. Also, the Seresto petition appears to be missing – any others? Based on the list that Bob identified (from the first tab) and the list in the second tab, I think the following is the list for PRD (I added Seresto). I took a first cut at priority based on earlier responses. Please reply to all with edits/revisions. Thank you.

PRD's:

- Spanish Labeling – **Deliberative Process / Ex. 5**
- Clothianidin – **Deliberative Process / Ex. 5**
- Coated Seed – remove the exemption – **Deliberative Process / Ex. 5**
- Glyphosate in Oats Tolerance/prohibit Use as desiccant – **Deliberative Process / Ex. 5**
- Chlorpyrifos – in litigation as I understand it. **Deliberative Process / Ex. 5**
- Dicamba (RD, PRD) – classify some as RUP – RD/PRD – **Deliberative Process / Ex. 5**
- Neonics – **Deliberative Process / Ex. 5**
- Eco Risk Assessment (PRD, RD, EFED?) – Soil health guidelines (Jan, this is the one you referred to earlier) – **Deliberative Process / Ex. 5**
- Seresto – **Deliberative Process / Ex. 5**

I actually don't know much about most of the petitions listed.

I didn't see the Seresto petition on the list, and wasn't sure if it should be added.

Also, I wasn't sure what the "Enhanced Pesticide Reporting Incidents" petition was, or if it was the Seresto petition?
